

# PRESSURE POT SYSTEMS

BY WORKQUIP

**WORKQUIP**  
QUALITY AIR TOOLS

PRESSURE POT CONFIGURATION OPTIONS

**Compact**

Ideal for small production applications where product requirement is bigger than a standard spray gun pot or where product pot life is short.

**Air Agitation**

For high solid products that require constant agitation.

**Non Agitation**

For product that is not prone to separation.

**Bottom Outlet Non Agitation**

The easiest pot configuration to clean and maintain. The perfect choice for product such as 2 Pak and house paints. Not recommended for product which separates.

**Manual Agitation**

These pots are ideal for use with products that require occasional agitation.

**Bottom Outlet Manual Agitation**

For use with heavy body product but not recommended for product that has a tendency to separate.

2 L PRESSURE POTS

Convenient size for small to intermediate job applications or where the product must be applied shortly after mixing. Supplied with air regulator, lightweight and heavy duty aluminium seamless pot construction. It is strongly recommended that the pot is suspended by the hanging hook supplied to prevent the pot from being knocked over causing product to enter into regulator system. Use with a 2m hose set.

Part No.	Description	Casters	Liner	Fluid Stem Filter
02102	2Ltr Pressure pot – Compact	No	None	Yes
<b>2 L Pressure Pot Kit</b>				
02102-K	2Ltr Pressure Pot Kit	Includes SV2000-12P and hose kit, ideal for high quality 2 Pak finishes offering minimal overspray		
02102-PP	2Ltr Pressure pot & Hose	2lt pressure pot and 2m hose set. (poly hose)		

4 L PRESSURE POTS

Convenient size for intermediate to larger job applications or where the product must be applied shortly after mixing. Supplied with air regulator, Teflon coated heavy duty patented seamless pot construction and aluminium pot liner. Use with a maximum 5m hose set.

Part No.	Description	Casters	Liner	Fluid Stem Filter
02104	4 Ltr Pressure pot	No	Aluminium	No
<b>4l Pressure Pot Kits</b>				
02104-B	4 ltr Pressure Pot Kit/Hose and S770H-3	5M hose set and 770-3 (head only). Suitable for industrial enamels, and sprayable glues		

## 10 L PRESSURE POTS

10L Pressure pots come with air regulators, constructed with a patented seamless one piece shell, Teflon lined and are fully compliant with Australian Standard AS4343.

Part No.	Description	Casters	Liner	Fluid Stem Filter	Details
02105	10Ltr Pressure pot – Compact	No	Yes	No	The most cost effective industrial pot in range. Ideally suited to industrial enamels & other product not requiring agitation
02210	10Ltr Pressure Pot Non Agitation	Yes	Yes	Yes	Industrial pot offering all the features except agitation
02210-A	10Ltr Pressure Pot Air Agitation	Yes	Yes	Yes	Features air efficient paint agitation system for product requiring constant stirring
02210-M	10Ltr Pressure Pot Manual	Yes	Yes	Yes	Features a manual agitation system for product requiring occasional stirring.
02210-BE	10Ltr Pressure Pot Bottom Outlet	Yes	No	No	The easiest pot to clean and maintain and is the recommended model for all product which doesn't separate

### 10 L Pressure Pot Kits

02105-B	10Ltr pro pot, hose & gun	5M hose set and 770-3 (head only). Star Spray Gun Suitable for industrial enamels, and sprayable glues			
02210BH1	10Ltr pressure pot system	5M hose set and SV2000-19S Star New Century Spray Gun. Suitable for detail spraying of oil and water based house paint			
02210BH2	10Ltr pressure pot system	5M hose set and S770H-5 (head only) Star Spray Gun. Suitable for large area spraying of oil and water based house paint and other high viscosity product			

## 20 L PRESSURE POTS

20L Pressure pots come with air regulators, twin fluid outlet, constructed with a patented seamless one piece shell, complete with paint strainers, fitted with re-filler/inspection holes, supplied with Stainless steel liners and are fully compliant with Australian Standard AS4343.

Part No.	Details	Casters	Liner	Fluid Stem Filter	Description
02220-A	20Ltr Pressure Pot Air Agitation	Yes	Stainless	Yes	Features air efficient paint agitation system for product requiring constant stirring. Full stainless steel fluid trail.
02220-M	20Ltr Pressure Pot Manual Agitation	Yes	Stainless	Yes	Features a manual agitation system for product requiring occasional stirring. Full stainless steel fluid trail.
02220-BEM	20Ltr Pressure Pot Bottom Outlet Manual Agitation	Yes	None	No	The easiest pot to clean and maintain and is the recommended model for all product which doesn't separate and occasional agitation is required

### 20 L pressure Pot Kit

02220M-B 20Ltr Spray Kit 5M hose set and 770-3 (head only). Suitable for industrial enamels, and sprayable glues

### 20 L Bottom Outlet Pressure Pot Texture Coating Kit

Professional cost effective 20ltr texture coating unit. Perfectly suited for texture/acrylic based coating and stencilling applications. Easy to clean, manually agitated and supplied with a special 5m hose set and texture gun. Mounted on a trolley kit for maneuverability. 12month manufacturers warranty with full service parts backup.

Part No.	Recommended Air Compressor	Capacity	Outlet
02220-BMTRK	15 cfm Min – 2.5hp	20Ltr	Bottom

## 40 L PRESSURE POTS

40L Pressure pots come with air regulators, twin fluid outlet, constructed with a patented seamless one piece shell, complete with paint strainers, fitted with re-filler/inspection holes, supplied with Stainless steel liners and are fully compliant with Australian Standard AS4343.

Part No.	Description	Details
02240-M	40Ltr Pressure Pot Manual Agitation	Features a manual agitation system for product requiring occasional stirring.

## PUMPS & AGITATORS

02300 DIAPHRAGM PUMP SPRAY UNIT

Specification: Pressure ratio 1:1, Transmitting capacity: 5L/min (0.4kg/cm) - 6psi, 7.5L/min (1kg/cm) - 14psi, 10.5L/min (2kg/cm) - 28psi, Air pressure: 1-5 kg/cm, Max painting pressure: 5kg/cm, Max pump speed: 160 times/min, Min pump speed: 80 times/min, Air required 4cfm, Double Teflon Diaphragm, Pick up hose with strainer, Air regulator, Spray Dampener, recirculating hose, dual paint outlet,

02310 PUMP STAND

Pump stand for 02300

02370 AGITATOR 20 LTR W/-FRAME

Piston style air motor agitator.  
- Suitable for 20L drums and light viscosity paints.  
- Low torque cost effective agitator.

02380 AGITATOR 205 LTR CLAMPING

Piston style air motor agitator.  
- Suitable for 205L drums and light viscosity paints.  
- Low torque cost effective agitator.

02400 AIR AGITATOR MOTOR

- Replacement Air motor for agitators and pressure pots

## TWIN HOSE SETS Polyurethane

02002-T	2 MTR PRESSURE POT TWIN HOSE SET	2M polyurethane hose set for 2L pressure pot, Suitable for most paint Applications. - Not recommended for Acid Cat Lacquers - Includes all fittings from Pot to Gun, - This recommendation is only a guide, please refer to your product data sheet for confirmation of the compatible products.
02007-T	5 MTR PRESSURE POT TWIN HOSE SET	5M polyurethane hose set for pressure pot, Suitable for most paint Applications. - Not recommended for Acid Cat Lacquers - Includes all fittings from Pot to Gun, - This recommendation is only a guide, please refer to your product data sheet for confirmation of the compatible products.
02008-T	10 MTR PRESSURE POT TWIN HOSE SET	10M polyurethane hose set for pressure pot, Suitable for most paint Applications. - Not recommended for Acid Cat Lacquers - Includes all fittings from Pot to Gun, - This recommendation is only a guide, please refer to your product data sheet for confirmation of the compatible products.
02009-T	15 MTR PRESSURE POT TWIN HOSE SET	15M polyurethane hose set for pressure pot, Suitable for most paint Applications. - Not recommended for Acid Cat Lacquers - Includes all fittings from Pot to Gun, - This recommendation is only a guide, please refer to your product data sheet for confirmation of the compatible products.

## FLUID ONLY HOSE SETS

02002-FH	2 MTR FLUID HOSE	2M <b>nylon</b> hose set for pressure pot 6mm ID Suitable for 2Pak furniture Lacquer and other aggressive solvent based product. Includes all fittings from Pot to Gun, This recommendation is only a guide, please refer to your product data sheet for confirmation of the compatible products.
02003-FH	5MTR FLUID HOSE ASSY	Replacement fluid hose for 02003 <b>Polyurethane</b>
02007-FH	5 MTR FLUID HOSE	5M <b>nylon</b> hose set for pressure pot 6mm ID fluid Suitable for most paint Applications. Recommended for 2Pak furniture Lacquer Includes all fittings from Pot to Gun This recommendation is only a guide, please refer to your product data sheet for confirmation of the compatible products.
02008-FH	10 MTR FLUID HOSE	10M <b>nylon</b> hose set for pressure pot 6mm ID fluid Suitable for most paint Applications. Recommended for 2Pak furniture Lacquer Includes all fittings from Pot to Gun This recommendation is only a guide, please refer to your product data sheet for confirmation of the compatible products.
02009-FH	15 MTR FLUID HOSE	15M <b>nylon</b> hose set for pressure pot 6mm ID fluid Suitable for most paint Applications. Recommended for 2Pak furniture Lacquer Includes all fittings from Pot to Gun This recommendation is only a guide, please refer to your product data sheet for confirmation of the compatible products.
02005-FH	5 MTR HY-FLO FLUID HOSE	5M <b>nylon</b> fluid hose set for pressure pot 12mm ID fluid Suitable for aggressive solvent based products and for heavy viscosity products Includes all fittings from Pot to Gun This recommendation is only a guide, please refer to your product data sheet for confirmation of the compatible products.
02006-FH	10 MTR HY-FLO FLUID HOSE	10M <b>nylon</b> fluid hose set for pressure pot 12mm ID fluid Suitable for aggressive solvent based products and for heavy viscosity products Includes all fittings from Pot to Gun This recommendation is only a guide, please refer to your product data sheet for confirmation of the compatible products.
02015-FH	5mtr X 25mm F/HOSE SET	25mm ID Fluid hose set Suitable for texture and driveway stencil For use with the 02220-BMTR Includes all fittings from Pot to T-3005 texture spray gun.

## FLUID AND AIR HOSE SETS - NYLON

02004	5MTR P/POT HOSE SET NYLON-Furniture lacquer	5M nylon hose set for pressure pot 6mm ID fluid, 8mm PVC air hose Suitable for most paint Applications. Recommended for 2Pak furniture Lacquer Includes all fittings from Pot to Gun This recommendation is only a guide, please refer to your product data sheet for confirmation of the compatible products.
02004-10	10MTR P/POT HOSE SET NYLON/Furniture lacquer	10M nylon hose set for pressure pot 6mm ID fluid, 8mm PVC air hose Suitable for most paint Applications. Recommended for 2Pak furniture Lacquer, Includes all fittings from Pot to Gun This recommendation is only a guide, please refer to your product data sheet for confirmation of the compatible products.
02005	5MTR HY-FLO FLUID SET	5M Nylon hose set for pressure pot 12mm ID fluid, 8mm PVC air hose Suitable for aggressive solvent based products and for heavy viscosity products Includes all fittings from Pot to Gun This recommendation is only a guide, please refer to your product data sheet for confirmation of the compatible products.

## HOSE SETS - POLYURETHANE

02005-A	5MTR HIGH FLOW HOSE SET	5M hose set 20mm ID fluid, 8mm PVC air hose Suitable for heavy viscosity product such as marine antifoul and sound proofing product application with the use of bottom outlet pressure pots, Includes all fittings from Pot to Gun This recommendation is only a guide, please refer to your product data sheet for confirmation of the compatible products.
02003	5MTR HOSE SET - HIGH SOLID PAINTS	5M Polyurethane fluid and air hose set 12mm ID fluid, 8mm PVC air hose Suitable for heavy viscosity products such as Zinc Primers, Water and Oil based house paints, Includes all fittings from Pot to Gun This recommendation is only a guide, please refer to your product data sheet for confirmation of the compatible products.
02003-10	10MTR HOSE SET - HIGH SOLID PAINTS	10M Polyurethane fluid and air hose set 12mm ID fluid, 8mm PVC air hose Suitable for heavy viscosity products such as Zinc Primers, Water and Oil based house paints Includes all fittings from Pot to Gun This recommendation is only a guide, please refer to your product data sheet for confirmation of the compatible products.

## GASKETS

SA33B	2 LTR POT STRAINER /02102, S20P	
02102-04 (WHITE)	2 Ltr White Gasket for 02102 Teflon based gasket to suite the Star 02102 2L Pressure pot - Alternative gasket to the original for use with solvent products	
02104-04 (BLACK)	4LTR POT BLACK GASKET	SUITS 02104
02104-04 (BLUE)	4LTR BLUE POT GASKET	SUITS 02104
02101-02	10LTR POT GASKET	
02210-04	10LTR PRO SER POT GASKET	SUITS 02210, 02210-M, 02210-A, 02210-BE
02105-04 (BLACK)	10LTR POT BLACK GASKET	SUITS 02105
02105-04 (BLUE)	10LTR POT BLUE GASKET	Suitable for furniture lacquers SUITS 02105
02220-04	20LTR PRESSURE POT GASKET	SUITS 02220-A, 02220-M, 02220-BEM

## SERVICE KITS

SA17	2 LTR PRESSURE POT KIT	Star 2ltr pressure pot (S2000 old model) service kit-includes diaphragm seals and pot gasket. - For new models see SA17N
SA17N	2LTR PRESSURE POT KIT NEW	Star 2ltr pressure pot (S2000) service kit - Includes diaphragm seals and pot gasket.

## REPLACEMENT POT REGULATORS

02070	PRESSURE REGULATOR 10 LTR - OLD STYLE	- 10L pressure pot regulator for the Old model 02101 Workquip pressure pot
02075		PRESSURE REGULATOR 2 LTR
X02104-09		Replacement Regulator for 02104 and 02105
X02210-14		Replacement Regulator for 02210 and 02220 Series

## REPLACEMENT GAUGES

06364-BP		Suits 02104, 02105, 02220-A, 02220-M, 02220-BEM
06364-RP		Suits 02210, 02210-A, 02210-M, 02210-BE

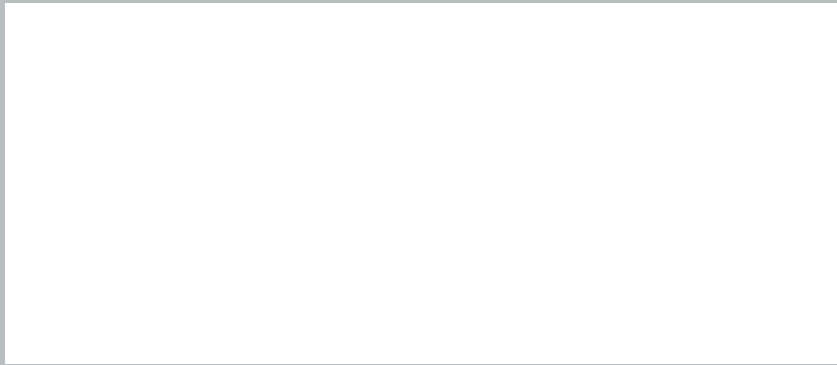

## REPLACEMENT POT LINERS

02214	INNER LINER - 4 LTR POT	Replacement liner for the Pro Series 02104 Workquip 4L pressure pot, - Aluminium construction.
02215	10 LTR INNER PAINT POT	Replacement liner for Pro 10L pressure pots 02210 series. - Aluminium construction - Suits 02210, 02210-M, 02210-A
02216	POT LINER ALUM. FOR 02105	Replacement liner for Pro 10L pressure pots 02015 series. - Aluminium construction
X02220M-03	20LTR STAINLESS STEEL POT LINER	Replacement liner for Pro 10L pressure pots 02220-M, 02220-A series.
