

Special Products

EMBEDMENT ANGLE is available to suit 38mm gratings from stock in handy 3 metre lengths. Angles are made from vinyl ester resin which provides superior resistance to corrosion.

Angles can be bedded directly into concrete with no need for additional fixings.

GRATING RAMP EDGING is available for 25mm and 38mm thick grating panels. The ramp surface is gritted for maximum anti-slip properties. Grating Ramp Edging come standard in yellow and is available in 2.0m lengths or cut to exact requirements.

FIXINGS

We have a wide range of stainless steel (316) fixings available from stock. 'M' clips available for 12mm, 25mm, 38mm and 50mm thick gratings. 'M' clips are used for fixing gratings down.

'C' clamps are available for joining panels of grating together where there is no support. 'C' clamps are stocked for 25mm and 38mm gratings.

Fixings are also available for mini-mesh gratings.
